

At Gunpoint

Jun Togo

Far away from earth, there was a nation called "Lions nation" where lions lived, and "Rabbits nation" where rabbits lived.

The Rabbits nation is scattered with Lion's military forces, especially the capital area is surrounded by Lion's military bases.

The current Prime Minister of the Rabbits nation agrees to anything that Lions say. Due to this reason, the Rabbits nation held an election to decide a new leader.

We cannot keep obeying what Lions say!

The Rabbits nation is preparing for the election, and many people are having heat up debate everywhere you look.

As the result of the election, a new Prime Minister was selected. He promised and insisted strongly to protect the national interest more than anybody else.

Bravo!

We are not going to obey Lions anymore!!

So, the new Prime Minister of the Rabbits nation went to the Lion's military base to greet them.

There is no such thing as democracy at gunpoint.
