

A Bad Good Man -4

Jun Togo

There are three men, the first one is called Mr. Tattoo, and the other two are called Mr. Lookbad and Mr. Seegood who are wondering what kind of man Mr. Tattoo is. Mr. Seegood thought that Mr. Tattoo was a good person with full of love. Mr. Lookbad thought that Mr. Tattoo was a habitual criminal.

What kind of person Mr. Tattoo is in reality? He is in fact a **trustworthy and very capable man.**

Mr.Seegood regarded Mr.Tattoo as a very good man, so Mr.Seegood treats Mr.Tattoo based on his recognition. For example, if Mr.Seegood is an interviewer of the job;

It is natural to positively employ a person who seems good.

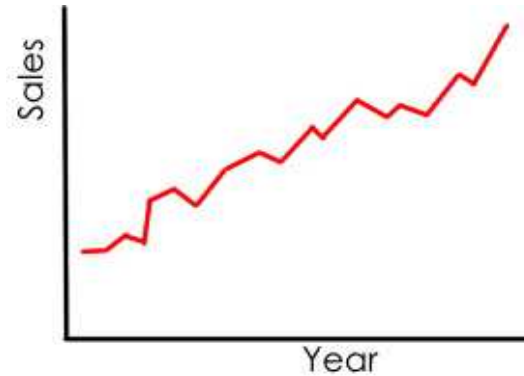

Mr.Lookbad regarded Mr.Tattoo as a bad man, so Mr.Lookbad treats Mr.Tattoo based on his recognition.

For example, if Mr.Lookbad is an interviewer of the job;

It is natural to refuse a person who seems bad.

Mr. Tattoo who got employed by Mr. Seegood worked very hard and as a result, Mr. Seegood's company grew very strongly.

Mr. Tattoo who got refused by Mr. Lookbad found a job in Mr. Lookbad's rival company. Due to Mr. Tattoo's hard work, the rival company have increased their sales rapidly and defeated Mr. Lookbad's company.

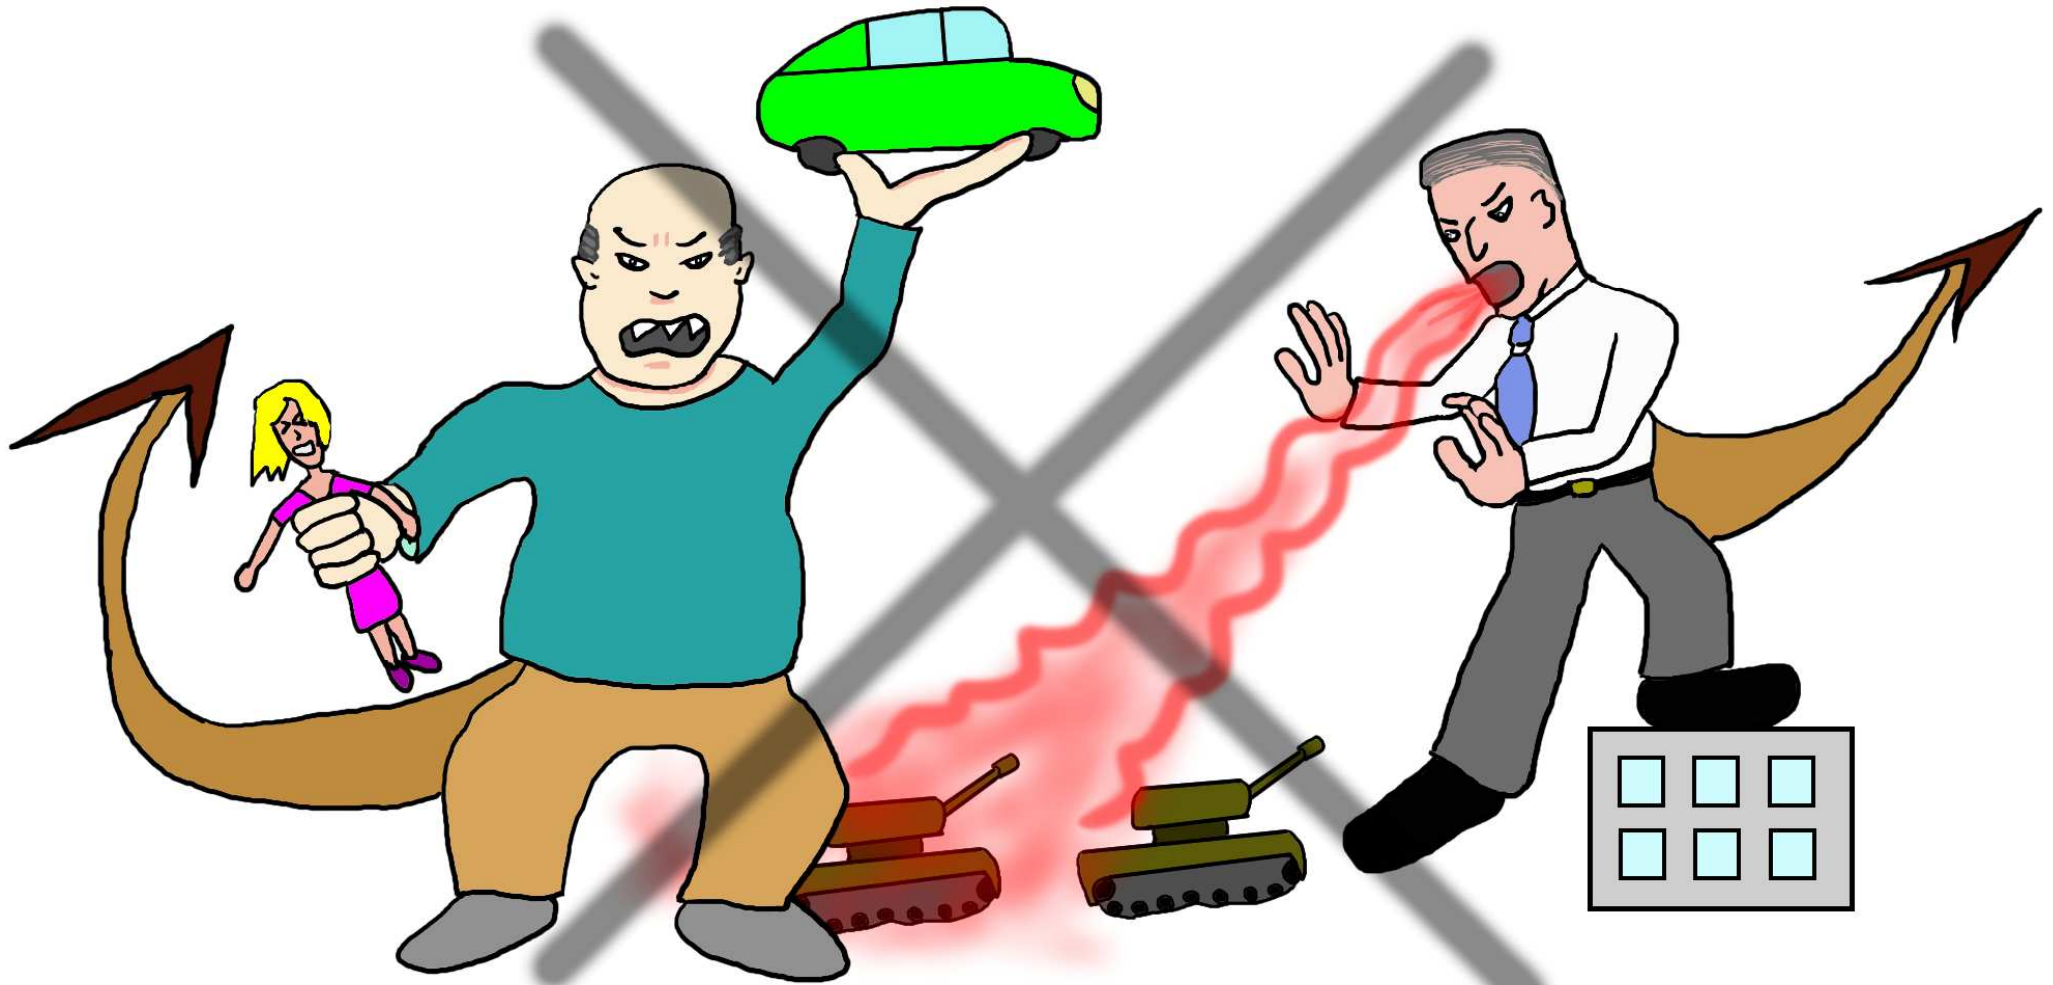

We are going to bankrupt!

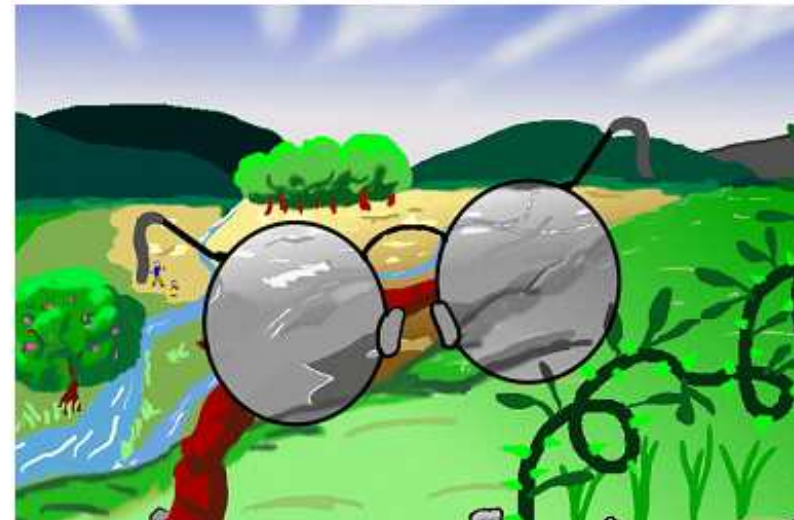

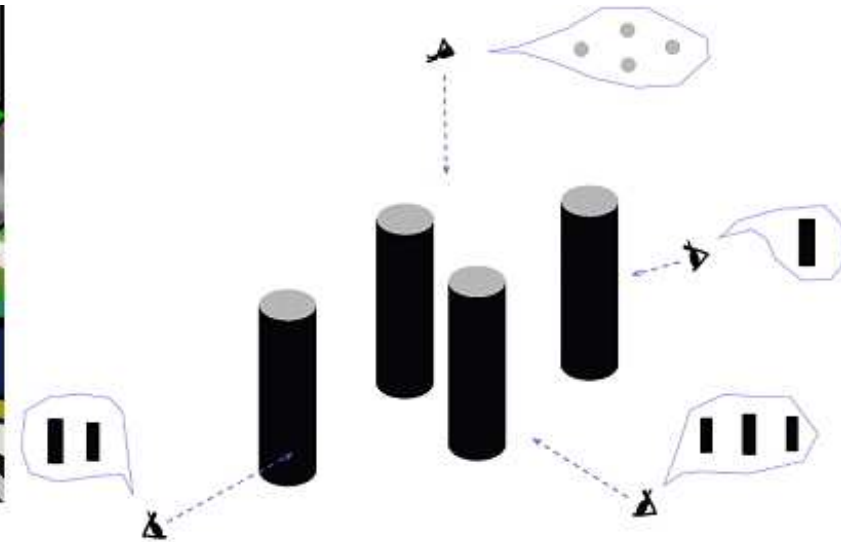

It would be dangerous to trust a habitual criminal without any caution. On the other hand, it is not your benefit to wrongly recognise a trustworthy person as a criminal. You cannot get what you wish for if you have wrong recognition.

Do you understand now? What matter is not about how you destroy an "evil" called discrimination or "bad people" who discriminate.

What matter is something that everyone does, that is, **to have a wrong recognition (= an illusion, lack of understanding).**
